

Ai Personal Brand Generator

Building a compelling online presence with AI

- 1 Audit your current LinkedIn profile and Google yourself to identify gaps.
- 2 Sign up for at least three AI generators: Brandmark.io, Copy.ai, and Canva Magic Write.
- 3 Generate 2-3 different LinkedIn headlines using separate AI tools this week.
- 4 A/B test your new AI-generated headline for 7 days and track profile views.
- 5 Rewrite your LinkedIn bio with keyword optimization using your chosen AI tool.
- 6 Edit all AI outputs to add personal authenticity before publishing publicly.
- 7 Create a 30-day content calendar using an AI generator like Lately.ai.
- 8 Repurpose one article into 8 platform-specific posts using automation tools.
- 9 Set up weekly posting schedule to maintain 41% higher consistency in posting.
- 10 Compare engagement metrics across AI-generated vs. manually-written profile versions.
- 11 Update your resume and cover letter using Resume.io for higher callback rates.
- 12 Schedule monthly brand audits to measure inbound lead quality improvements.
