

Ai Bookkeeping for Solopreneurs

Streamlining bookkeeping with AI tools

1 Set up automatic receipt capture in your AI bookkeeping tool today.

2 Try a \$15 AI bookkeeping tool for one month and track hours saved.

3 Import your last 12 months of expenses into an AI platform.

4 Run the error scan feature to identify financial blind spots.

5 Connect your bank, Stripe, PayPal, and upload all receipts.

6 Verify AI-assigned categories daily for the first 30 days.

7 Block 90 minutes this week to set up automatic bank feeds.

8 Schedule a monthly 20-minute review of flagged transactions.

9 Test a free 30-day trial with Xero AI or Zoho Books.

10 Set one AI rule for your biggest income source first.

11 Compare your current spreadsheet time against AI tool pricing.
